### ABSTRACT

Authors interested in submitting a contribution to the Second International DAM WORLD Conference are kindly requested to send a Full Paper and a one-page Extended Abstract no later than September 15, 2014. Note that only submissions with Full Paper and Extended Abstract will be reviewed.

The Extended Abstracts should briefly outline the main features, results and conclusions as well as their general significance. Extended Abstracts larger than one page and 2300 characters will not be accepted.

All documents should be written in English. The Extended Abstract should start with the paper's title, authors, first author details (affiliation, address, e-mail and webpage), followed by keywords (from three to six). Second, third and other authors' affiliation should be included in footnote. The name of the author who will actually present the paper at the Conference should be in **bold**. The typeface used for the Extended Abstract is a 12 point Times-Roman with single line spacing. The margins of the page layout should follow the format of this template. The word Abstract, written in 12 point bold Times-Roman, all capital letters, must appear before the Extended Abstract text.

Submission of Extended Abstracts and Full Papers must be done online, using the conference management system "easyChair.org". A "ZIP" package containing four files: 1) Extended Abstract in "DOC" or "ODT" format; 2) Extended Abstract in "PDF" format; 3) Full Paper in "DOC" or "ODT" format; 4) Full Paper in "PDF" format. Detailed instructions are available at the "Authors area" in the Conference website (<http://dw2015.lnec.pt/authors.html>).
