INSTRUCTIONS TO PREPARE FULL PAPERS FOR THE SECOND INTERNATIONAL DAM WORLD CONFERENCE

First A. Author^{*}, Second B. Author² and Third C. Author³

^{*} Laboratório Nacional de Engenharia Civil (LNEC)
Av. do Brasil, 101, 1700-066 Lisboa, Portugal
e-mail: damworld@lnec.pt, webpage: <http://dw2015.lnec.pt>

Keywords: Dams, Concrete, Water, Foundation

Abstract. *This document presents the information and instructions needed to prepare a Full Paper to be included in the proceedings of the Second International DAM WORLD Conference. In order to achieve graphical consistency, the Full Paper should follow this template structure and format. The paper should be written in English. The full paper should be limited to a maximum of 10 pages.*

The first page should start with the paper's title, authors, corresponding author affiliation, address, e-mail and webpage, followed by keywords and abstract. If suitable, the introduction starts after the abstract.

1 INTRODUCTION

The proceedings of the Second International DAM WORLD Conference will include the Extended Abstracts and Full Papers. All papers will be reviewed by the Scientific Committee and a selection of the five best papers will be published in a Special Issue of the DAM ENGINEERING Journal. The Conference Proceedings will be published electronically.

2 SUBMISSION

All Submissions must be done through the online conference management system "easyChair.org". The Full Paper should be included in a "ZIP" package containing four files: 1) Full Paper in "DOC" or "ODT" format; 2) Full Paper in "PDF" format; 3) Extended Abstract in "DOC" or "ODT" format; 4) Extended Abstract in "PDF" format; 3) Full Paper in "DOC" format; 4) Full Paper in "PDF" format. Detailed instructions are available at the "Authors area" in the conference website (<http://dw2015.lnec.pt/authors.html>).

3 TITLE, AUTHORS, AFFILIATION, KEYWORDS

The first page must start with the title, authors' names, first author details (affiliation, address, e-mail and webpage), followed by keywords and abstract. Second, third and other authors' affiliation should be included in a footnote.

² Second Institution Name

³ Third Institution Name

3.1 Title

The title must be centered and written in uppercase using Times-Roman bold, 14 point. If the title extends over several lines, the lines must be single spaced.

3.2 Authors

The authors' names must include the first name, middle initials (if it is the case) and the last name. These must be centered and written with 12 point bold Times-Roman. The authors' names must be located 12 point below the last title line.

3.3 Affiliation

The first author affiliation must be centered, written with 11 (10.95) point Times-Roman, and located 12 point below the authors' names.

3.4 Keywords

From three to six keywords must be provided. These are written with the Times-Roman 12 point font, separated from each other by a semicolon. The expression **Keywords** must be written in 12 point bold Times-Roman font.

3.5 Abstract

The typeface used for the abstract is a 12 point italic Times-Roman. The word **Abstract**, written in 12 point bold Times-Roman, must appear in the beginning of the first line. The abstract text is justified and written 12 point below the last line of the keywords, as shown in the first page of these instructions.

4 SECTIONS

4.1 Main sections

The titles of the main sections must be flushed left and written with uppercase bold Times-Roman 12 point font. A 12 point space before and a 6 point space after the section title must be specified. In order to avoid orphans on the text make sure that at least three lines of text are typed after the section title and before any page break. The graphical appearance of the publication will profit from your care.

4.2 Subsections

The subsection titles must be written flushed left, with a bold Times-Roman font, 12 point. Only the first letter of the title is uppercase, being all others lowercase. Spaces of 12 point before and 6 point after the subsection titles must be specified. In order to avoid orphans on the text make sure that at least three lines of text are typed after the subsection title and before any page break.

5 HEADERS

As shown in the first page of the instructions, a header with the Conference name and editors will be included in the preprints. All other pages will have in the headers the authors' names. Please, make sure that you comply with the headers of all pages. If the header of the first page is not included according to the instructions, that shall be added.

6 TEXT

The normal text of the contribution must be typed **single spaced, justified**, and using 12 point Times-Roman font. Moreover the text must be in a **single column**. The first line of each paragraph must be indented 0.5 cm and no additional spacing between paragraphs must be given.

7 PAGE NUMBERS

The page numbers should included by the authors. The page number must be centered and placed below the print area (not inside). The font should be 12 point Times-Roman.

8 FIGURES

All figures must be numbered consecutively and have a corresponding caption, as shown in Figure 1. The caption is centered and written using 10 point Times-Roman, using upper and lowercase. The distance between each figure and its corresponding caption must be 6 point while the distance from the top of the figure and from the caption to the text must be 12 point. The figures must be included in the text. Do not supply the figures in the end of the paper.

Figure 1: Conference announcement

9 EQUATIONS

Each equation must be numbered in a sequential fashion, using Arabic characters included in parenthesis. The equations must be centered and a 6 point space between the text that precede and follows them must be given. The following is an example of an equation in a single line:

$$\mathbf{Ax} = \mathbf{b} \quad (1)$$

The following is an example of equations that occupy consecutive lines:

$$\mathbf{Ax} = \mathbf{b} \quad (2)$$

$$\mathbf{Ay} = \mathbf{c}$$

10 TABLES

All tables must be numbered consecutively and have a corresponding caption. The caption is centered and written using 10 point Times-Roman, using upper and lowercase.

Column 1	Column 2	Column 3
C11	C12	C13
C21	C22	C23
C31	C32	C33
C41	C42	C43
C51	C52	C53

Table 1: Example of a table construction.

The distance between each table and its corresponding caption must be 6 point while the distance from the top of the table to the text above and from the caption to the text below must be 12 point. The tables must be included in the text.

11 FORMAT FOR THE REFERENCES

In the text, the references must be provided using superscripts¹, and grouped in the end of the paper by numerical order, as shown in the end of these instructions. The numbering by which they are referred must also be consecutive and by the order they appear in the text.

12 CONCLUSIONS

Conclusions should systematize the most important propositions of the paper and highlight the main features, new contributions and its practical implications.
